

Distance Education Schedule

Grade 7

This distance education schedule is a guideline or a check list to help students stay on track with course work and to assist teachers as they design lessons. An approximate amount of work time has been given for each subject every school day, but these times are flexible. All work should be turned in according to due dates set by individual teachers. It is recommended that students continue to use their school planners to track due dates for assignments, projects, class chats, etc.
